

Bloomfield Hills Students Win MI Smokefree Air Video Challenge

We would like to congratulate, Bloomfield Hills residents Michael Duric with the help from Chris Stephan and John Owens on winning the **MI Smokefree Air Video Challenge**. They were awarded a weekend getaway to a smokefree city of their choosing (up to a \$500 value).

The Campaign for Smokefree Air (CSA) announced its contest in January, encouraging advocates to create a short video telling state Senators why Michigan should be the next smokefree state. Submissions for the contest were accepted for two months, and then narrowed by CSA to the top 5. The public was then allowed to vote on their favorite by visiting the CSA Web site.

The winning video can be viewed on CSA's Web site at www.MakeMIAirSmokefree.org. Hopefully this unique and creative video will make our state Senators realize that this is what Michigan wants and to take action in creating smokefree worksites for all residents.
